

# EUROPE FEARS WEEK-END COUP

## ROOSEVELT-SENATE FIGHT WARMS UP

### PRESIDENT RETURNS CAPITAL IN EFFORT WIN MONEY POWERS

### PASSAGE OF BIG RELIEF BILL BY SENATE BRINGS SOME ENCOURAGEMENT

WASHINGTON, June 29.—(P)—Secretary Morgenthau voiced the administration's unflinching opposition to curtailment of President Roosevelt's monetary powers today with an assertion "farmers, businessmen and laborers had better start worrying about the dollar" if devaluation authority was not continued.

While Senate Majority Leader Barkley and House Majority Leader Rayburn conferred with Mr. Roosevelt at the White House about the bitter congressional contest over the president's emergency powers over money, the treasury secretary told his press conference:

"Certainly since 1934, no farmer, businessman or laborer needed to worry about the dollar, but they had better start worrying now if the devaluation power lapses tomorrow night."

Apparently the main hope of the administration preventing that lapse was to work out a conference committee of senators and representatives some compromise bill which would give the president authority to devalue the dollar further.

Some time remains. If no bill is passed before Friday night, the devaluation power as well as the \$2,000,000,000 fund expires automatically.

### WASHINGTON, June 29.—(P)—President Roosevelt returned to a smoky congressional battleground today in an eleventh-hour effort to rally his forces and win back his emergency money powers before they expire at midnight tomorrow.

Angered over the senate's refusal to extend his authority to devalue the dollar further, he arrived from Hyde Park late last night shortly before the senate passed his relief bill in a post-midnight session.

In the face of determined bipartisan opposition, the President and his congressional leaders pinned their hopes on a senate-house conference committee appointed to find a compromise between the widely different monetary bills of the two chambers.

This committee, composed of five senators and as many representatives, was asked to meet in the afternoon, but the senate passed the executive managed cur-

### HENRY FORD'S REVOLUTIONARY MECHANIZED FARMING UNIT IS GIVEN FIRST PUBLIC SHOWING

### EVANGELIST MAKES GENERAL DENIAL OF IMMORAL CHARGES

### WIFE COLLAPSED FOLLOWING GRUELING HOURS ON WITNESS STAND

LOS ANGELES, June 29.—(P)—Evangelist Joseph Jeffers took the stand today in superior court to deny charges he and his attractive wife Zella, engaged in immoral acts in their apartment.

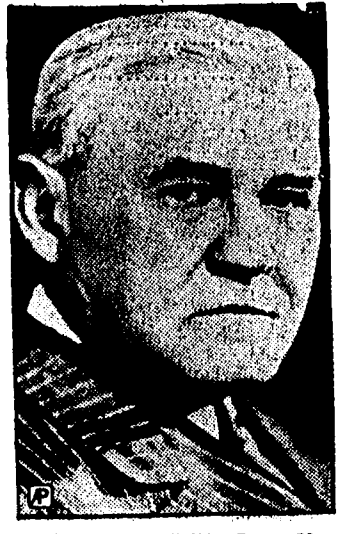

His appearance followed his wife's dramatic collapse under grueling cross-examination, when, weeping, she screamed:

"You are being unfair to me. I am not getting a fair trial."

Previously she had testified she had several drinks of whiskey to which a white powder was added at the insistence, she said, of Vincent Higgins, district attorney's investigator who attended a party as Vincent Casey, film writer.

The defense contends that she and her husband were drugged by the powder and could not recall what occurred later. The state asserts they were engaged in a nude exhibition when other officers, evangelist, beginning his testimony, took occasion to deny emphatically either he or his wife were involved in the presence of Vincent Higgins, beauty shop proprietor and prostitute, and Miss Morgan had alleged.

### Noted Author Dies

MONTEREY, Calif., June 29.—(P)—Harry Leon Wilson (above), 72, noted author, died here last night in his sleep. He had been ill several years.

Wilson, who got his start as a writer for the humorous Puck magazine which he later edited, became a prolific producer of popular novels and short stories. He was said to have originated the term "flapper" to describe post-American girls.

Born May 1, 1867, at Oregon, Ill., Wilson was working as a stenographer in his early twenties when he sent his first piece to Puck.

Wilson's famed writing included Merton of the Movies, the Boss of Little Arcady (which Jack London said was his favorite novel), Juggles of Red Gap, and Oh Doctor.

### ONLY SIGNATURE OF PRESIDENT NEEDED RECORD FARM BILL

### FEDERAL FARM EXPENDITURES NEXT FISCAL YEAR BE OVER BILLION DOLLARS

WASHINGTON, June 29.—(P)—Only President Roosevelt's signature was needed today to approve a record federal outlay of \$1,194,488,633 for federal farm expenditures in the 12 months beginning Saturday.

The agriculture department appropriation bill finally was enacted yesterday after five months of congressional pulling and hauling. Although it contained nearly \$350,000,000 more than Mr. Roosevelt asked in his budget, congressional leaders predicted he would approve it.

Senator Russell (D-Ga.) who guided the bulky measure through the senate, said:

"I think this is the fairest ap-

### UNANIMOUS PASSAGE OF BIG RELIEF BILL SENATE THURSDAY

### MEASURE CARRYING NEARLY TWO BILLION DOLLARS PASSED AFTER MANY HOURS

WASHINGTON, June 29.—(P)—The house quickly voted another \$75,000 for continuing its WPA investigation today and simultaneously sped the \$1,808,300,000 relief bill toward final enactment.

The measure, after more than 14 hours of continuous debate, had passed the big relief bill at an early hour today.

Brought before the representatives, they promptly sent the measure to a conference committee for adjusting differences. Democratic leader Rayburn predicted it would become law before the fiscal year-end at midnight tomorrow.

The additional investigating money went to the appropriations committee, which had \$3,000 of a previous fund remaining. The committee will report to the next session.

The senate meeting which began at 10 a. m. (CST) yesterday was the longest of the session.

WASHINGTON, June 29.—(P)—The senate, finishing strong after more than 14 hectic hours of continuous debate, voted 55-0 early today to authorize \$1,808,300,000 for relief during the fiscal year starting Saturday.

Aware a compromise must be reached with a \$1,285,000,000-house bill before midnight tomorrow if all relief is not to be suspended, administration leaders drove the measure relentlessly through an almost interminable series of amendments up to the final ballot.

Leaders expressed belief speedy conciliation of the differences between the house and senate bills would be accomplished making possible final action before the deadline.

They predicted the house would agree to the senate's refusal to earmark \$125,000,000 for the Public Works Administration, and to its substitution of a single WPA administrator for the three-man board.

### ROOSEVELT SIGNS WAR DEPARTMENT'S NON-MILITARY BILL

### FLOOD CONTROL AND RIVERS AND HARBORS IMPROVEMENTS COVERED

WASHINGTON, June 29.—(P)—President Roosevelt signed today an appropriation bill carrying \$306,188,514 for non-military activities of the war department, including flood control and river and harbor improvement.

Congress increased the president's estimates for flood control and river and harbor work by \$50,000,000.

Of the total provided by the civil functions bill, \$172,000,000 was earmarked for flood control, including \$39,000,000 for the Mississippi and its tributaries, and \$66,000,000 for maintenance and new work on rivers and harbors.

In addition, the measure carried \$7,000,000 for continuing construction of the Bonneville dam on the Columbia river in Oregon and \$2,000,000 for a similar purpose at the Fort Peck Dam, Montana.

It also carried slightly more than \$5,000,000 to start construction of the Denison dam on the Red river, between Texas and Oklahoma.

Other items in the measure were \$183,140 for the office of the United States high commissioner to the Philippines; \$24,774,924 for maintenance and operation of the Panama Canal for treatment of his 20th bone fracture in eight years.

Physicians said the youth, who has been able to attend only a few terms of school, suffers a deficiency in bone structure which causes "soft bones."

### Denison Dam Fund Be Released Soon

WASHINGTON, June 29.—(P)—The President's signature to the war department civil functions bill today left only a few routine steps necessary before the \$5,700,000 appropriated is in the hands of the War Department.

See BILL SIGNED, Page 5.

### Youth In Hospital For 20th Fracture

CLARKSBURG, W. Va., June 29.—(P)—Thirteen-year-old Everett Case, Jr., is back in the hospital for treatment of his 20th bone fracture in eight years.

Physicians said the youth, who has been able to attend only a few terms of school, suffers a deficiency in bone structure which causes "soft bones."

### FUGITIVE KILLER OF TWO DEPUTIES SLAIN THURSDAY

### RAY OLSON SHOT TO DEATH BY POSSEMAN AS HE SOUGHT TO CONTINUE FLIGHT

CABLE, Wis., June 29.—(P)—Ray Olson, fugitive killer sought since June 17, was shot and killed by a posse on Lake Namakagon about ten miles east of here today.

Olson was slain while attempting to flee from four possemen led by Constable Ernest Moore of Cable.

The shooting took place near the Wheatley Anderson farm 14 miles from Cable. Struck by four bullets, the killer of two special deputies who had been hunted since Sunday, June 17, toppled into the water near a boat he tried to launch to continue his flight across the lake.

Olson lived about 10 minutes. Before death, he admitted shooting the deputies, Carl Johnson and Fred Scott of Hayward, and told the officers his wife was in no way connected with his law-breaking.

Olson, who had led 200 possemen a spectacular chase through the wild brush country of Sawyer and Bayfield counties for two weeks, finally was trapped because of his dire need of food and rest.

Poor and hungry, the 30-year-old fugitive broke into Anderson's home sometime Wednesday afternoon. He cooked a meal, changed his clothing and apparently laid down to rest.

The Anderson family discovered something was amiss upon returning home last night. Anderson was slain.

### International At a Glance

By The Associated Press.

Warsaw.—President Moscicki tells Poland the Polish corridor and its seacoast are "air and sun of our existence as a state," adds Danzig is now bound to us by "many ties."

Danzig.—Official Danzig sources describe foreign reports of organization of so-called "free corps" and influx of Germans into Danzig as "alarmed" and "by no means warranted," but Danzig is preparing for return to Germany.

London.—Fears expressed major crisis may be precipitated soon in Danzig; Britain strengthens reserve manpower.

Paris.—French press suggests combined British-French-Polish warning to Germany that seizure of Danzig would mean war.

Berlin.—German press and official quarters scornful of Britain's explanation of its continental policy.

Moscow.—Soviet propaganda chief accuses Britain and France of using mutual aid negotiations with Russia's rise to "bargain with the aggressors."

Shanghai.—Japanese blockade Foochow and Wenchow, warn all foreign vessels to leave the two ports, but Americans, British and French declare they will hold Japan responsible for damage to their interests.

### INVESTIGATION OF 35,000 NEW OLD AGE PENSIONS APPLICANTS GET UNDER WAY NEXT MONDAY

AUSTIN, June 29.—(P)—Investigation of 35,000 applicants for old age pension under the new liberalized Texas plan will start Monday, Director W. A. Little announced today.

Little said while the legislature intended to reduce and speed up investigation of applicants, the state will not incur the cost of the pension money and stood well down the list in average amount of monthly payments and costs per person by population.

Texas grants pensions to 40 percent of its residents over 65 years old and only Oklahoma, Utah, Colorado, Arizona and Montana top the Lone Star state in that respect.

California and Illinois with 128,000 plus are the only states with more pensioners than Texas' 118,000.

Texas gives its pensioners an average of \$14.15 each per month as compared to California's \$32.47 without complete federal matching.

Pension costs per person in total population of states last year showed Texas \$3 (ranking 23rd among states).

Last spring, pensioners in Texas were receiving \$1,600,000 a month federal and state money. In California they were getting \$4,174,000 a month, New York \$2,722,800, Ohio \$2,624,500, Illinois \$2,411,600.

Texas ranked high among states in percentage of persons over 65.

### WASHINGTON TALKS ABOUT SILVER DEVELOPMENTS

Congress and the treasury department were in a whirl over prices and legislation affecting silver. The treasury cut its price on foreign silver to 40 cents from 45. This happened 24 hours after the senate, led by Senators (left to right) Elmer Thomas (D-Okl.), Key Pittman (D-Neu.) and Pat McCarran (D-Neu.), voted to discontinue purchases of foreign silver after July 1.

### NAVAL FLIER RIDES MOTORLESS GLIDER TO AMERICAN RECORD GOES UP 16,400 FEET IN FIFTEEN MINUTES; DOES MANY LOOPS ON WAY DOWN

ELMIRA, N. Y., June 29.—(P)—Lieut. Robert N. Stanley rode a motorless glider up through a pathing storm cloud to 16,400 feet in 15 minutes for a new American record and when he came down he did a dozen loops "just to relax."

The Pensacola naval air base flier more than doubled the previous American glider altitude mark in his turbulent trip aloft yesterday.

Stanley said the thundercloud was small when he entered the bottom, but formed so rapidly during the 15 minutes he was inside it appeared as a "huge mountain" extending upwards another 10,000 feet, when he emerged.

He described the cloud as so thick and dark, he could not see the wings of his ship.

"As I entered the cloud the rate of climb increased until it was soon stronger than anything I ever had encountered. I was drawn steadily upward at 30 miles an hour until the plane became ice-coated and my instruments clogged."

Stanley said he broke out of the cloud at 12,000 feet and was pulled downward about 2,000 feet "by a terrific downdraft."

"I re-entered at 10,000 feet and spiraled to 12,000 where the turbulence became so great I thought it would tear the ship apart and I would have to bail out," he said.

"I rose until the glider showed about 16,400 feet (above sea level) and the entire plane was coated with ice. For safety's sake x x x I straightened out and flew free."

The pilot carried a sealed barometer.

See GLIDER RECORD, Page 7.

### Dixie Clipper Leaves Horta For Lisbon Thursday

NEW YORK, June 29.—(P)—Pan American Airways announced today its 41-ton Dixie Clipper reached Horta, the Azores, first stop on an historic flight inaugurating commercial airplane passenger service across the Atlantic at 4:52 a. m. (C. S. T.).

Roaring through tranquil skies at a speed up to 180 miles an hour, the giant four-motored flying boat covered the 2,397-mile over-water hop in 15 hours, 42 minutes.

The clipper took off from Horta at 6:38 a. m. for Lisbon, a hop expected to be made in seven hours.

### OFFICIAL ESTIMATES FUNDS INVOLVED IN SMITH CASE GROWING

### JUSTICE DEPARTMENT URGED TAKE HAND IN PROBE LOUISIANA AFFAIRS

BATON ROUGE, La., June 29.—(P)—As official estimates of the sum involved in market maneuverings of Dr. James Monroe Smith, fugitive former president of Louisiana State University, rose to more than a million dollars, the United States Department of Justice was urged today to start an investigation of the muddled situation.

Successful culmination of Department of Justice activities in Kansas City were recalled by the Shreveport Times in a front page editorial urging the federal agency institute a probe of WPA in Louisiana, and Dr. Smith's financial exploits.

State officials accused the bald, middle-aged Smith of having had undisturbed access to \$1,200,000 in university bonds for market plunging and that he redeemed half of them with \$500,000 in cash obtained by issuing invalid notes.

State Supervisor of Public Funds Frank S. Shattuck said the bonds had been located, some of them in Smith's desk.

Shattuck said of the located bonds Smith, once a poor country boy, had used \$500,000—securities improperly authorized for the most part—as collateral in the wheat market where he allegedly lost heavily. Observers surmised Smith was now almost penniless.

Rumored at Many Points.

Meanwhile, the hunt for Smith, spreading across the nation and

See LOUISIANA, Page 7.

### Congress Is Doing

Senate Routine business.

Banking subcommittee hears testimony on proposal for small business loans.

Labor committee continues hearings on Wagner act amendments. Monopoly committee studies credit problems of building industry.

Finance committee considers changes in social security act.

House Ways and means committee continues hearing on tax exempt securities.

Labor committee continues hearing on Wagner act amendments.

### ANOTHER CUT IN PRICE OF FOREIGN SILVER THURSDAY

### SECRETARY MORGENTHAU SAYS PRICE WILL BE ADJUSTED TO LONDON MARKET

WASHINGTON, June 29.—(P)—The treasury cut its price for foreign silver to 38 cents an ounce today shortly after Secretary Morgenthau said the price would be adjusted to that on the London market.

The price was cut from 38 1/2 cents to 38 cents.

The third cut in as many days brought the price exactly five cents below the level it had every day from March 1938 until Tuesday noon.

The London price had dipped today to 37.79 from yesterday's 38.32 cents an ounce.

The treasury's price has been cut twice in the last two days. Tuesday it was trimmed from 43 to 40 cents and yesterday was reduced again to 38.50 cents.

Morgenthau said it was necessary to keep the Washington price adjusted to London's in order to prevent dumping of the metal here by foreign sellers anticipating a complete cessation of the U. S. buying program.

Whether the program would be continued uninterruptedly beyond tomorrow midnight depended on the London market.

See SILVER, Page 11.

### BORAH SAYS AMERICAN PEOPLE WILL NOT ACCEPT REACTIONARY CANDIDATE FOR PRESIDENT 1940

WASHINGTON, June 29.—(P)—Senator Borah (R-Idaho) took time out on his seventy-fourth birthday anniversary today to express the opinion the American people would not accept a reactionary candidate for the presidency in 1940.

"Some of the party leaders," he said, "have failed to realize there was a political revolution when the country first elected President Roosevelt in 1932. That revolution came from the heart of the people. They were tired of the country's being run by those who held to the theory a few men should control the machinery of government. In my judgment, the people have not changed their minds about that."

Senator Borah made it plain he was taking no part in the maneuvering of various potential candidates for the United States presidential nomination.

His disregard for party labels and the ordinary tenets of partisanship have made him a fairly frequent cancer at the White House, despite his opposition to such Roosevelt legislation as the 1937 court bill and the original government reorganization bill.

While some other veteran senators already have made plans to get away from the Washington heat next month for a rest, Borah has made it clear he will have until congressional adjournment if it takes all summer.

### BRITAIN SENDS NEW PROPOSAL TO RUSSIA FOR THREE-WAY PACT

### THE GENERAL INDICATIONS POINT TO DANZIG MOVE DURING WEEK-END

LONDON, June 29.—(P)—Britain was said by informed quarters today to have sent proposals to Moscow for inclusion of the Baltic states and Belgium, Holland and Switzerland in the proposed Anglo-French-Russian mutual assistance pact.

This proposal was said to have been in the latest instructions which the British government dispatched to Sir William Seeds, British ambassador to Russia.

Sources close to the government discounted an article published in Moscow today in Pravda, official organ of the communist party, saying that the negotiations had run into a "blind alley."

The new instructions, these sources said, would come very close to Soviet Russia's original demands and an agreement was expected next week or week after next at the latest. The negotiations have been in progress for two and a half months.

Countries which would be guaranteed by the projected revival of the World War partnership of Britain, France and Russia, under the reported British proposal, would include Poland, Rumania, Greece, Turkey, the Netherlands, Belgium, Switzerland, Finland, Estonia and Latvia.

With the first four Britain and France have concluded mutual aid agreements since Germany's absorption of most of Czechoslovakia last March.

The last three—Baltic states adjacent to Russia—have insisted they did not want guarantees, but it was understood they would be named specifically in the three-power accord.

LONDON, June 29.—(P)—Fears a major crisis would be precipitated soon in Danzig were expressed today in Britain where a movement was under way to strengthen still further the nation's reserve of trained manpower.

The British press, which voiced fears nazis were "preparing mischief" this week-end in Danzig, gave prominence to Winston Churchill's prediction yesterday of a summer tension and Anthony Eden's advice that Britain "be tough...talk tough...act tough" to keep peace.

Adolf Hitler's Berlin newspaper Volkischer Beobachter ridiculed reports of impending nazis as "wild rumors over an immediate nazis coup in Danzig." But overnight reports were received here from Warsaw that well-trained German troops were being organized into a Danzig "free corps" for any

See BRITAIN, Page 5.

### JAPANESE BLOCKADE OF TWO ADDITIONAL PORTS ANNOUNCED

### COMPLETE CONTROL OVER LONG COASTLINE TAKEN OVER BY INVADERS

SHANGHAI, June 29.—(P)—The Japanese blockaded Foochow and Wenchow today and thereby took control of the last major Chinese ports along more than 2,000 miles of coastline between the great wall and Canton.

A Japanese warning to all foreign vessels to leave the ports because they would be closed by "dangerous objects" (mines) and "other obstacles" went into effect at noon (10 p. m. Wednesday C. S. T.). The warning had been rejected by the United States through Clarence E. Gauss, consul-general, who notified Japanese officials Japan would be held responsible for any damage to American interests in the closing operations. The British and French took similar stands.

All foreign merchant vessels were said to have left Foochow and Wenchow, respectively about 500 and 300 miles south of Shanghai, and foreign warships were believed to have moved outside the harbors to escape possibility of being bottled up.

Mr. and Mrs. C. E. Osborne have moved to Corsicana.

## Southern Women Reply to Query

Wherever they go, the "Touring Reporters" find eager answers to their question, "Were you helped by CARDUI?"

Of 1207 users queried among those of 12 states, 1206 stated CARDUI benefited them. That is 93 out of every 100!

Users everywhere are glad to tell how CARDUI has made them want and enjoy food; how, with its help, they gained strength, energy, were thus relieved of the symptoms of "functional dysmenorrhea" due to malnutrition. Many also say that, when symptoms indicate the need, CARDUI in larger doses helps "at the time" to soothe pain.

## SOME RELIEF FOR SUFFERERS FROM HAY FEVER SHOWN

AUSTIN, June 29.—(Sp.)—"It will not be many weeks until a large number of Texans will be sneezing, wheezing and in other ways evidencing that they are victims of so-called hay fever. Many of these persons, either as a result of ignorance or carelessness, will endure their affliction, bolstered only by the distant hope of the "fall frost" which will mark the end of their ordeal for this year. On the face of it, these allergies have a rather hard road to hoe. However, for many of them, this situation could be altered most favorably by prophylactic treatment from the Texas state health department.

"Indeed, science has developed a successful method of combating many forms of this seasonal affliction. For persons who possess this unusual sensitivity to the pollen of certain plants, weeds, grasses and trees, serums have been developed to counteract it.

"Before this type of treatment can be effective it is essential that the particular pollen causing the disturbance be discovered. Guesswork plays no part in this investigation. The physician will make simple and painless tests with extracts of pollens that are suspected of causing the trouble. By way of a needle prick a minute portion of each of the pollens under suspicion is placed under the skin. Inoculation of that type of serum then is administered.

"The potency of this treatment depends upon its use prior to the pollen season. Immunity must be established early. Bodily reactions to this type of therapy are slow. In fact, several months, involving several treatments at intervals, are required.

"While this preventive is not effective in all cases, the percentage of successes has been sufficiently high for every hay fever sufferer to give it a fair chance. In some patients, the result while not totally satisfactory, has noticeably reduced the suffering.

"Also recommended for diminution of suffering is cutting of ragweeds from lawns where hay fever sufferers frequent. Vacant lots are a potent source of the ragweed and should be included in preventive measures against the disease.

## FARM BILL

(Continued From Page One)  
proportion bill for all forms of agriculture the congress ever has enacted. Most of the criticisms about increases are due to misunderstandings not based on fact.

Although the farm bill was about \$27,000,000 larger than last year's measure, Russell said this was because of inclusion in a single bill of many items heretofore provided in separate measures.

Carries Huge Payments.  
The bill carried \$725,000,000 for payments to farmers who co-operate with the control programs for cotton, wheat, corn, tobacco and rice. This included an unbudgeted \$225,000,000 which the senate added for parity payments designed to raise farm purchasing power to that of the 1909-1914 period.

Another senate addition to the bill was \$113,000,000 for surplus farm operations in addition to the \$200,000,000 made available from customs receipts for this purpose. The funds will be used to supply surplus farm products to families on relief and to finance export subsidies.

Russell said a boost in funds for the farm tenancy program to \$46,000,000 "will counteract the rising tide of tenancy in this country."

"Lots of these funds are for the benefit of the general public as well as farmers," Russell added, mentioning \$191,000,000 for federal aid highways, \$7,000,000 for weather forecasting and \$3,000,000 for the food and drug administration, as well as millions for wild life refuges, national forests, and similar activities.

Principal Kerens  
School Will Also  
Lead Band There

KERENS, July 29.—(Sp.)—Principal D. A. Mills of the Kerens schools, is spending the summer months at his home in Paris, and is finishing an intensive course in band conducting and methods of teaching the various instruments.

In connection with same he is taking special work in trumpet or which lead in order to direct and lead the high school band, which will be one of the new projects of the Kerens public school system the coming year.

## BRITAIN

(Continued From Page One)  
emergency in the free city which nazis say will "come home" to the reich.

Britain awaited an official reply to an offer to negotiate a new naval limitations treaty to replace the 1935 pact denounced by Hitler May 28. The British memorandum to Germany, delivered yesterday, was hailed by newspapers as a determined effort to end German "encirclement."

While a group of members of parliament was said by reliable sources to be urging Prime Minister Chamberlain to extend the age for conscripts to include those between 21 and 24 years old.

Under the present conscription law 220,018 men between 20 and 21 registered June 3 for six months training—the first compulsory peacetime service in British history.

It was estimated by backers of the extended conscription plan that more than 800,000 additional men would be available for service from the 1,100,000 falling within the 21 to 24 age limits. The other 300,000 were said to be men already in one of the armed forces or to be physically unfit.

Danzig Prepared.  
DANZIG, June 29.—(P)—Foreign reports of the organization of a so-called "free corps" and an influx of Germans into Danzig were described in rebuttal by official Danzig press today as "a malicious lie" the public which is by no means warranted.

Nevertheless, Danzig is prepared for a homecoming to Germany. Propaganda Minister Paul Joseph Goebbels encouraged the popularization in addresses here two weeks ago to hold out and wait for Chancellor Hitler to act.

Just how and when the fuhrer would act remained a mystery. It may be soon, some observers believed, because the official Nazi organ Danzegerposten remarked recently "we shall need the steady nerves of Danzigers within the near future."

The newspaper in a statement today vigorously denied reports abroad of extensive military preparations in Danzig territory.

It admitted at the same time measures which it called legitimate had been taken to strengthen the Danzig police force "to such a degree that the population may go about its daily work with a sense of security."

Clashes in Polish, English and French newspapers stating that German military units had entered Danzig were described as "impertinent lies."

One way for Danzig to "return to the reich," which has been discussed time and again, is by a spontaneous Danzig declaration of union with Germany, thus presenting Poland with an accomplished fact, then leaving it to Warsaw to decide on a Polish course of action regarding this German-populated area at the mouth of Poland's outlet to the sea.

It was frankly acknowledged here that Danzig's tiny army—the police force—was being strengthened by several hundred men, to be trained along military lines.

These additions to the police force were decided upon last fall. Police, coupled with units of Nazi party formations which have been given some drill would enable the free city to muster some 15,000 men.

Nazis Scornful Of  
Answer of Britain

BERLIN, June 29.—(P)—A scornful chorus greeted today Great Britain's answer to Adolf Hitler's denunciation of the 1935 British-German naval limitation agreement and indicated the Nazi leader intended to follow his "road of destiny" without any chains on his growing navy.

The controlled German press and authoritative news service Deutsches Nachrichten pointed the British document as an "arrogant note" and made it clear there would be little to negotiate between the two countries in naval matters as long as what Nazis call Britain's "encirclement policy" continues.

It was pointed out, however that the German government would answer "at the proper time" the "objective" part of the British note which, announced in Berlin yesterday, told Germany Britain was willing to negotiate a new naval limitation, arrangement, flatly denied the "encirclement" charge and pointedly asked what assurances the reich could give that any new naval pact would not be scrapped.

Hitler's spokesman Goebbels raised the suspicion the British memorandum was held up for two months so it could be presented on the 20th anniversary of the Versailles treaty. Hitler announced abrogation of the 1935 treaty, in which Germany agreed to limit her total naval tonnage to 35 per cent of Great Britain's in his Reichstag speech of April 28. (In the note, Great Britain reminded Germany of the words of Joachim von Ribbentrop, now foreign minister, who negotiated the agreement, an ambassador-at-large on describing the pact as "permanent") and pointed out that the treaty did not provide for one-sided denunciation.)

Series Unexplained Fires.  
LONDON, June 29.—(P)—Scotland Yard had been called in to assist in investigation of a series of fires which have resulted in one death and loss of more than \$2,500,000, "owing to the exceptional circumstances," Oberst Peake, undersecretary of the home office, told the House of Commons today. He declined to say, in response

## BILL SIGNED

(Continued From Page One)  
of the army engineers will start construction on the \$54,000,000 Denison dam.

Mechanics of the actual release of the funds follow:  
1. The war department will be notified possibly requiring a day or two before official word is received by the chief of army engineers.

2. Colonel Eugene Reybold, army division engineer at Little Rock, will be given telegraphic notification that \$5,700,000 has been appropriated for the Denison project and placed to its credit in the treasury. Reybold in turn will notify Captain Lucius T. Clay at Denison, with whom rests the decision as to how much and how often funds credited to the project shall be drawn upon.

Army engineers said undoubtedly only a few days would elapse before actual excavation for the dam foundations would begin, but emphasized the matter of expediting funds and directing construction rested upon Clay.

It has been estimated five years will be necessary to complete the structure, assuming funds will be made available by future congresses as needed. The total amount, \$54,000,000 was authorized by congress last year. The amount now available was appropriated for expenditure during the fiscal year beginning July 1.

Other Texas Projects  
WASHINGTON, June 29.—(P)—In addition to the Denison dam project, the flood control appropriations bill signed today by President Roosevelt included the following Texas items:  
Dickinson Bayou, \$35,000.  
Louisiana-Texas Intracoastal waterway, Sabine river to Corpus Christi section, \$975,000.  
Buffalo Bayou, \$500,000.  
Sabine-Neches waterway, \$690,000.  
Port Aransas-Corpus Christi waterway, \$310,000.  
Houston ship channel, \$450,000.

Open Meeting Of  
Odd Fellows Lodge  
Thursday Evening

An open meeting of Corsicana Lodge No. 63, I. O. O. F., will be held at the Odd Fellows Hall Thursday evening. After a short business session of the lodge at 7:30 o'clock, the fifth Thursday night open meeting will be held at 8 o'clock.

Wives, families and friends of Odd Fellows will be special guests. Following the program, refreshments will be served.

to a question, whether he believed the fires were "the work of foreign agents."

The fourth large fire in four days occurred this afternoon when a building used by a timber firm was damaged badly. One person died in blaze Monday; there was a \$2,340,000 fire Tuesday; and damage estimated at \$468,000 resulted yesterday from a fire in a Thames riverfront warehouse.

Sentenced for Espionage.  
NANCY, France, June 29.—(P)—A military court today sentenced Charles Vintz, 35, of Metz, to 20 years in prison and 10 years of subsequent banishment from France for espionage in the Maginot Line zone of France's eastern frontier last April.

## RELIEF

(Continued From Page One)  
voted by the house. The administration favors the senate version of both provisions.

Hours before debate on the bill had developed into a marathon, the senate voted against a \$500,000,000 allocation for WPA and against half that sum.

After Senator Reynolds (D-NC) started a lengthy argument over a proposed appropriation for the WPA theater project, contending it was "spreading communist propaganda," the leadership clamped on a strict debate limitation which brought staccato action on proposal after proposal through the evening.

Items Are Boosted.  
Spending forces succeeded in increasing by \$40,000,000 the house allocation of \$123,000,000 for the Farm Security Administration, boosted the National Youth Administration allotment by \$23,000,000 and won a 43-19 majority for \$10,000,000 extra in farm tenancy loans.

The chamber also approved an amendment by Senator Russell (D-Ore) doubling a \$300,000 allowance for public health service administrative expenses.

The senate agreed to permit expenditure of 3-4 of 1 per cent of the total appropriated for projects sponsored solely by WPA, thus providing funds for such projects as the federal theater, art and music projects without local sponsorship.

"Deception" Charged  
WASHINGTON, June 29.—(P)—A National Youth Administration \$21,600 WPA grant to the University of Georgia today, saying the money was used on a new fraternity house instead of a public dormitory as directed.

PWA officials described the situation as a clear case of "deception." It was demanded the return of \$7,200 already advanced.

Only Half to Retire  
WASHINGTON, June 29.—(P)—Chairman Arthur J. Altmeyer of the Social Security Board has estimated for the senate finance committee that only about 200,000 workers out of a possible 400,000 will retire and be qualified for old age insurance benefits by the end of 1940.

At the same time, he said the proposed changes in the law permitting workers over 65 years of age to continue accumulating credits for benefits payments will extend the protection of the act to 400,000 or 500,000 persons next year.

## JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

**GARDEN HINT.**  
The dandelion is a weed  
That most profusely scatters seed.  
On every passing breeze that  
blows  
The little yellow fellow goes  
In millions to the lawns about  
By gardeners to be rooted out.  
But all in vain do men attack  
In rage and hate to drive it back.  
In vain, it seems, is fury's raid.  
With knife and acid often made.  
Again and still again return  
More weeds for men to cut and  
burn.

The way to win 'gainst such a  
mass  
Is give your heart unto the grass.  
The way to win 'gainst such a foe  
Is learn to get the grass to grow.  
Build up the lawn with food and  
seed  
Till there's no room for any weed.  
Who loves the grass may some  
day see  
His patch of dandelions free.  
But he who works alone in hate  
No lasting peace will celebrate.  
Hate merely multiplies its foes.  
To love sometimes the victory  
goes.

### MUTUAL PROSPERITY.

Workers today need in-  
dustrial education, said the  
director of Cooper Union in  
New York City at the  
recent commencement ex-  
ercise. He stressed the dis-  
tinction between education  
and training. The latter, in  
its narrower sense, is sim-  
ply the training of the  
worker in a few repetitive  
skills. What he wants for  
workers is intelligent un-  
derstanding of industrial  
problems, including man-  
agement.

"High labor turnover,  
strikes and other mani-  
festations of industrial mal-  
adjustment," he said, "can be  
laid in part to a lack of un-  
derstanding by the worker  
of the problems of indus-  
try. Both ownership and  
management are beginning  
to realize that sharing with  
employees the information,  
even if not the responsibil-  
ity of operation, is the next  
logical step."

Such information ought  
to produce recognition of  
the fact that the interests  
of all—labor, owner, man-  
ager, consumer—are the  
same in the long run. No  
group can thrive unless in-  
dustry thrives. It is short-  
sighted to assume that one  
of them may profit more  
than temporarily at the  
others' expense.

### PRACTICAL FREEDOM

The decision recently  
made by the Supreme  
Court of the United States  
upholding free speech in  
the Jersey City case was  
no mere reference to the  
principle of free speech  
and assembly as stated in  
the first amendment to the  
Constitution. It was a de-  
tailed statement and am-  
plification of that right ap-  
plying practically to modern  
conditions.

Mayor Hague's city coun-  
cil and police force—and  
also the city councils and  
police of some other cities  
—had got into the habit of  
cancelling the basic right  
of free speech by various  
kinds of indirect procedure.  
Under the pretense of  
"maintaining public order,"  
or "avoiding trouble," or  
"controlling traffic," in-  
dividuals regarded as "un-  
desirable" would be barred  
from a city or refused a  
permit to speak or kept  
out from speaking in a given  
place. Likewise freedom of  
the press, that is, freedom  
to distribute printed mat-  
ter, would often be pre-  
vented on some devious  
pretext.

All this sort of un-Amer-  
ican interference seems to  
be swept away by the  
court's action. Some Amer-  
ican liberties lately bound  
in arbitrary red tape are  
loosed again.

This will result, no doubt,  
in a lot of oratory that  
gives most of us a pain in  
the neck, but the decision  
is welcome and necessary  
just the same. If crack-  
pots prate and print, sen-  
sible men have the same  
right to use their talents  
in exposing the foolishness,  
and sanity will prevail. But  
of basic freedom is lost, the  
wise and righteous them-  
selves are muffled.

You can't fool modern  
scholars. A University of  
California professor has  
discovered that ostriches  
don't bury their heads in  
the sand, and porcupines  
can't shoot their quills, and  
toads don't give warts to  
small boys.

## NOW HE'D LIKE TO LOOK AT A PALM BEACH SUIT!

### SCHOLARSHIPS

Among the bright spots  
of the contemporary scene  
are the many high school  
graduates who have won  
college scholarships. The  
colleges have been liberal,  
and the fortunate students,  
in most cases, have been  
hard-working.

There are people who  
say that scholarships have  
become a racket, and no  
doubt there are chiselers  
and publicity-seekers even  
in this field. On the whole,  
however, scholarships en-  
able intelligent young peo-  
ple to continue directed  
study which would have to  
be curtailed if such finan-  
cial aid were lacking.

There are still many  
boys and girls who work  
their way through college,  
but thoughtful observers  
consider the process often  
too hard on the health and  
the social development of  
the students. Enough back-  
ing to allow them freedom  
for some leisure and recre-  
ation makes for a sounder  
education.

The scholarships provide  
incentive for extra effort  
in high school, recognition  
of good work done and op-  
portunity for future pro-  
gress. It is pleasant to read  
in the papers of the awards  
and to look at pictures of  
the eager young people  
who will make use of them.

### THE KING BUSINESS

"On mature reflection,"  
says a friend, "I don't think  
I'd like to be a king. Not  
as a regular business. There  
are some fine things about  
it, of course. It must be  
great if a man is an egotist  
and likes to feel superior  
to other people. But I  
shouldn't think an ordinary  
human being would like it."  
"I don't believe a king  
has any old clothes. He's  
everlastingly got to be  
dressed up."

"He can't have any cron-  
ies, disinterested friends  
with whom he can say or  
do anything he pleases. Al-  
ways he has to consider the  
effect, to act properly, to  
say and do what's expect-  
ed of him."

"He can't do what he  
pleases with his time.  
There's always some cor-  
oner to be laid, or some  
delegation to receive, or a  
prime minister to tell him  
a lot of governmental de-  
tails he isn't interested in."

"In short, a king can't  
be a human being, and do  
things in a human way, no  
matter how much he wants  
to. And the more human  
he is, the harder it must be  
for him to go through life  
acting like a royal robot."

"There was a king who  
couldn't stand it—but may-  
be we'd better not go into  
that just now."

### "GRAPES OF WRATH"

When Chamberlain be-  
trayed Czechoslovakia to  
Hitler, to save England  
from fear of invasion, there  
were shrewd observers  
who said that would be the  
beginning of Hitler's down-  
fall. The Nazis would have  
an enemy within their  
gates and the unity of Hit-  
ler's empire would be de-  
stroyed. It begins to look  
as if they were true proph-  
ets.

Hitler might have con-  
ciliated the shrunken and  
mutilated republic by leav-  
ing it at least the semblance  
of independence. But after  
stripping the Czechs of  
their defenses and indus-  
tries, he annexed and loot-  
ed them. He granted the  
Slovaks theoretical self-  
government, and then en-  
croached upon them, too,  
until they despaired.

Now there is a natural  
reaction. The betrayed  
Czechoslovaks are engaged  
in a political and economic  
strike against their mas-  
ters. Many thousand Bo-  
hemians have slipped into  
Poland, as volunteers to  
help the Poles defend their  
country against aggression.

Vojta Benes, brother of  
the former President Benes,  
is said to have joined the  
Poles. Slovakian flyers  
have flown bombing planes  
to Poland, and thousands  
of their fellow-countrymen  
are said to be streaming  
across the border to join  
the Czechs in helping Po-  
land against the Nazis.

### HUMILITY

It is always refreshing to  
find a successful man who  
takes no credit for his suc-  
cess and doesn't brag about  
being self-made. Such a  
man was Richard C. Cabot,  
professor of social ethics at  
Harvard, who died recent-  
ly. His will, published the  
other day, begins in this  
fashion:

"I, Richard C. Cabot, re-  
alizing that God has al-  
lowed me a life of almost  
unbroken happiness upon  
this earth, and that this  
happiness has been due in  
no way to any merit of  
mine, but has been permit-  
ted me in spite of grievous  
sins and shortcomings, do  
now make this last will and  
testament."

Such humility is very  
rare nowadays. Any man  
who can honestly make a  
statement like that must  
have lived a better life  
than he himself was aware  
of.

The name, too, challeng-  
es attention. There is the  
ribald old Bostonian rhyme  
telling how "the Lowells  
speak only to Cabots, and  
the Cabots speak only to  
God." In the case of this  
Cabot there must have

## CHAMBER COMMERCE EXPENSES KEEPING CLOSE TO BUDGET

A financial statement of oper-  
ating expenses of the Corsicana  
Chamber of Commerce for the  
past four months—February  
through May—presented at the  
bi-weekly meeting of the board  
of directors Tuesday morning  
showed that expenditures had  
been kept fairly close to the budget.  
Total expenses for the four months  
period were \$3,268.43 while mem-  
bership collections for the same  
time amounted to \$3,593.38. The  
annual budget call for the ex-  
penditure of \$9,681.  
President J. M. Dyer presented  
briefly a report made yesterday  
by the executive and industrial  
committees relative to the hot  
mineral water development here.  
A great deal of discussion fol-  
lowed and the directors voted to  
have a special meeting of the directors  
in the near future at which R.  
W. Knight, manager, could "sell"  
the proposed development.  
J. N. Edens discussed the use of  
surplus feed at this time, and the  
directors authorized President  
Dyer to appoint a committee to  
assist C. L. Albritton, agricul-  
tural committee in handling what  
was termed "the emergency feed  
situation."

Those attending the meeting  
were S. L. Dublin, J. P. Adams,  
W. W. Wendorf, Fred Prince, R.  
W. Knight, R. W. Smith, Presi-  
dent Dyer, Mr. Edens, Joe E.  
Butler, Mr. Albritton, Elmer Rit-  
terbacher, C. S. Dickens, A. F.  
Mitchell and Beauford H. Jester.

## J. A. Young, Jr., And Wife Visited Eastern Points

J. Albert Young Jr. of Waco,  
son of J. A. Young of Corsicana,  
who now holds a position with the  
Texas Power & Light Co. of Waco,  
with his wife, returned a few days  
ago from an extended trip to  
New York and the World's Fair.  
They visited one week in Wash-  
ington, D. C. with Albert's brother,  
Dr. W. Harvey Young, who has  
a position with the U. S. de-  
partment of the interior, National  
Bureau of Coal Commission,  
Washington.

They spent several days sight-  
seeing and went on a three days  
boat trip, after which they re-  
turned home and reported a very de-  
lightful time.

## Scouts Enjoy Hike Pat Brown's Farm

Twelve Scouts from Troop 240  
of the Third Avenue Presbyterian  
Church, the Scoutmaster, Ted  
Ward, and the Assistant Scout-  
master, Bill Elliot, enjoyed an  
overnight hike Friday night at  
Pat Brown's farm.  
The boys enjoyed a fine swim  
in Mr. Brown's pool Friday after-  
noon. Saturday morning the boys  
took a swim at Magnolia Lake.  
We want to thank Mr. Brown for  
letting us use his spacious farm  
for the hike.—Scribe.

There are some divine conver-  
sation, although Richard C.  
himself wouldn't have been  
exclusive about it.

Wonders will never  
cease. Nazi authorities in  
Prague arrested two Ger-  
man policemen on a charge  
of killing a Czech police-  
man.

There are so many dif-  
ferent opinions now in the  
Supreme Court that a de-  
cision day looks like an  
election.

The way for a city to get  
ahead, says a bright boost-  
er, is to stop saying "they"  
and say "we."

## LUTHER JOHNSON URGES PASSAGE OF NEUTRALITY BILL

WASHINGTON, June 27.—(AP)—  
The house opened a bitter debate  
today over whether the adminis-  
tration's neutrality proposals  
would bulwark America's peace or  
increase the chances of involve-  
ment in war.  
Rep. Luther A. Johnson (D-  
Texas), a member of the foreign  
affairs committee which recently  
recommended the Bloom bill em-  
bodying administration ideas on  
neutrality, declared as discussion  
of the measure began that it  
would "lessen the hazards of war."  
"That," he shouted, "is what  
America wants." (AP-News)  
Rep. Fish (N.Y.) characterized  
it, on the other hand, as "strictly  
an interventionist measure and a  
war-making bill." Fish likewise  
is a member of the foreign affairs  
committee.  
Johnson told his colleagues the  
measure repeals the present em-  
bargo on arms and munitions  
shipments to nations at war and  
prohibits new loans and carry-  
provision by requiring transfer of  
title before any goods destined  
for a warring land may leave an  
American port.  
Johnson declared that the pur-  
pose of the measure was "dramat-  
ically opposed to many of the  
charges leveled against it." He  
denied it gave the president au-  
thority to do an unelected act.  
He declared as discussion of the  
measure began that it would  
"lessen the hazards of war."

## CORSICANA WOMAN DIED IN DALLAS; BURIAL TUESDAY

Mrs. Charlie Szenasy, 34, died at  
6 o'clock Monday afternoon at Bay-  
lor hospital in Dallas, and funeral  
services were held at 4 o'clock  
Tuesday afternoon at the Church  
of Immaculate Conception here  
with Very Rev. Magy V. Graffeo  
conducting the rites. Burial was in  
the Catholic cemetery.  
Surviving are her husband; one  
son, Charlie Szenasy, Jr.; two  
brothers, Horace and Harry  
Enterprise, and Richard Waters of  
Oak Grove, La.; three sisters, Mrs.  
C. L. Milley of Emhouse, Mrs. Pete  
Szenasy, and Mrs. Louis Szenasy,  
both of Corsicana; and her mother,  
Mrs. J. R. Waters of Corsicana.  
Pallbearers were Rudolph Beck,  
Rudolph Kormas, Frank Kormas,  
Sam Allen, Bob Pelham and Mick  
Szenasy.  
Corley Funeral Home directed  
the arrangements.

## Personal Mention Wortham Residents And Their Visitors

WORTHAM, June 27.—(Sp.)—  
R. P. Chancellor of Oklahoma  
City, and Fred Chancellor of  
Pettus, Tex., visited their rela-  
tives here this week in the  
Chancellor and Dodge homes.  
Mr. and Mrs. Henry Hall and  
little daughter, Mary Joan  
Jasper, are guests of Mr. and  
Mrs. Hubert Strunk.  
Johnnie Reinhardt, Jr., of Kil-  
gore, the nephew of his  
aunt, Mrs. K. W. Sneed.  
Mr. and Mrs. Gary Summers of  
Kaufman were Sunday guests  
here of their parents, Mr. and  
Mrs. G. S. Summers and Mrs.  
Will Calhoun.

Mrs. Emma Lanning left Mon-  
day to spend the summer visit-  
ing relatives in Jacksboro and  
Goldsmith.  
Mr. and Mrs. Dudley Cameron  
of Longview visited parents, Mr.  
and Mrs. Tom Cameron, this  
week.

Corre Lamb and sister, Mrs.  
Tom Wharton of Houston are  
visiting their parents here, Mr. and  
Mrs. Samson Lamb.  
Mr. and Mrs. Vastine Bounds  
and Mrs. G. C. Ross, Mrs. Paul  
Wierfroy and son Paul Vastine  
of Daytona Beach, Fla., return-  
ed this week from Hilo where  
they visited in the home of Mr.  
and Mrs. Oscar Longbottom.

Rev. and Mrs. Peyton Waddill  
and children, Mr. and Mrs. Ed-  
ward Waddill, left this morning  
for a vacation trip, visiting relatives  
in several cities before a planned camp-  
ing stay several days on the Lam-  
pasas river.

Mrs. W. W. LaRue, formerly  
Miss Mary Blanche Meador, and  
Mrs. Lynn Meador and daughter  
Lyneta of Houston are guests in  
the home of parents, Mr. and  
Mrs. Tom Meador.

Mr. and Mrs. A. Dawson and  
sons of Canton are the house  
guests of Mr. and Mrs. A. W.  
Holton.  
Mrs. Henry Evans left Friday  
for Fort Worth, where she will  
be joined by her sister Mrs. T. I.  
Gray and Miss Ora Thomas of  
that city in a trip to St. Louis  
and New York City. They will  
make a trip by plane, from  
Fort Worth.

## More Conservation Checks Received

A total of 73 checks for 1938 con-  
servation compliance by farmers of  
Navarro County were received at  
the AAA headquarters in the ad-  
ministration of the courthouse Tuesday.  
The consignment amounted to  
\$8,443.40, bringing the total for 1938  
payments thus far to \$16,066.15.

Kee.

Constable's Office.  
Three were arrested for drunk-  
ness by Constable Clarence Pow-  
ell and Deputy Constable Oscar  
Renfro.  
Clifford (Muleshoe) Mitchell, ne-  
gro, was arrested by Deputy Ren-  
fro in connection with the al-  
leged attacking of Piggy Jordan,  
negress, with an ice pick during  
the week end.

Justice Court.  
Three were fined for disturbing  
the peace and one for drunkenness  
Monday by Judge A. E. Foster.

## Winning Streak of Superior Ice Broken By American Well

The Superior Ice's winning  
streak was broken by the Ameri-  
can Well, who won over the Ice-  
men 4 to 3 Monday night on the  
Magnolia field.

The girls' game played at 9  
o'clock proved to be a one-sided  
affair with the Richland team  
trouncing the Corsicana girls to  
the score of 12 to 1.

## NAVARRO COUNTY SINGERS OFFICERS EAST TEXAS BODY

MEXIA, June 27.—A number of  
Navarro county singers were elect-  
ed as officers here Sunday at the  
annual meeting of the East Texas  
Singing convention.

Officers re-elected included J. O.  
Sessions, Bazette, president; V. O.  
Stamps, Dallas district vice presi-  
dent; L. D. Huffstutler, sec-  
vice president; Henry Tanner,  
Athens, third vice president; C. C.  
Bateman, Athens, secretary-treas-  
urer.

John Ross of Corsicana was nam-  
ed to succeed L. C. Grayson, de-  
ceased, as a member of the execu-  
tive committee. Members of the  
executive committee re-elected in-  
cluded R. E. Jordan, Canton; G. P.  
French, Van H. Nease, Corsi-  
cana; M. E. White, Grand Saline,  
and Fred Copeland, Furdon.

## DELINQUENT TAX SITUATION BEFORE COMMISSIONERS

Discussions relative to the delin-  
quent tax situation, authorization  
of the discount of vouchers from  
the state for the salary fund, and  
the advertising for bids for one or  
more motor graders were the  
subjects of the Monday afternoon session  
of the commissioners' court.  
Chas. T. Banister, criminal dis-  
trict attorney, advised the court  
that for the last night and morn-  
ing, a delinquent tax suit  
brought last year was dismissed  
last fall.  
No action was taken on an ap-  
plication made by Sheriff Cap Cud-  
ington for four cents per mile for  
his deputies conveying persons to  
state institutions.  
Commissioner J. N. George's re-  
quest for advertising for one  
more motor graders and the trans-  
ferring of an old caterpillar tractor  
was granted.

## MRS. W. T. MEADOR BURIED NEAR TYLER TUESDAY AFTERNOON

Mrs. W. T. Meador, 69, a resident  
of Corsicana for the past six years,  
died at 8:30 last night and funeral  
services were held at 4 o'clock  
Tuesday afternoon at the Harris  
Grove cemetery, near Tyler, where  
interment was made.  
Surviving are her husband; two  
sons, Elbert Griford of Big Spring,  
and Matt Griford of Tyler; four  
daughters, Mrs. Ruth Jackson of  
Elig Spring, Mrs. Sam Morgan of  
Texarkana, Mrs. Lud Bell Skinner  
and Mrs. Adell Branthly of Tyler;  
and one brother, D. Plunkett of  
Delta.

## INSTALL OFFICERS OF CORSICANA LODGE A.F. & A.M. MONDAY

The following officers were in-  
stalled last night by Corsicana  
Lodge No. 174, A. F. & A. M.:  
Master, R. L. Dickson; Senior  
Warden, F. L. Leathers; Junior  
Warden, O. W. Allison; Treasurer,  
E. M. Folk; secretary, Sam J.  
Felt; Senior Deacon, T. J. Tay-  
lor; Junior Deacon, Pat Bat-  
ton; Senior Steward, H. Kirkland;  
Junior Steward, J. Will McCreary;  
Tyler, J. L. McCreary.  
After the ceremony of installa-  
tion, refreshments were served and  
a social session held. The only  
face not frequently seen in the Ma-  
sonic Temple here was that of  
Vernon V. McKinney, who has  
lived in St. Louis for the past score  
of years.

BROWN BOMBER HAD TOUGHEST DEFENSE HEAVYWEIGHT CROWN

JERSEY BARKEEP'S KNOCK-DOWN OF LOUIS IN THIRD ELECTRIFIED CROWD

By GAYLE TALBOT

NEW YORK, June 29.—(AP)—The roof finally fell in on Tony Galento last night and nearly killed him, but before it happened the bold New Jersey barkeep gave a great fight crowd in Yankee Stadium a succession of thrills it will not soon forget.

Champion Joe Louis butchering the poor galoot, sent him falling to his knees bleeding and helpless so Referee Arthur Donovan had to stop it in the fourth round. That was almost the preordained result. But Tony gave an account of himself that will enshrine him in the minds of those who saw.

Tony never took a backward step. In the third round, when his face already was cut to ribbons and the heart would long since have been beaten out of a less brave fighter, he swung a left to Louis' jaw that sent the champion bouncing on the canvas.

In the opening minutes, when the fight was young, he rocked the champion to his heels with another terrific left and for a fleeting instant held the championship in the chubby fists that have drawn ten thousand bores. He did everything he said he would do—except knock out "dat bum." Tony, the man they've all been laughing at, climaxed his career with his greatest performance.

Joe Admits Toughness

Louis, who had knocked out his three previous challengers in less than ten rounds each, said it was the toughest fight he ever had. In that terrible last round, when Galento was defenseless, Joe said he had to hit him a dozen times as hard as he ever hit a man before Tony fell into the referee's arms, groping for the ropes in a desperate effort to keep his feet.

Such a great stand did Galento make that he probably will be matched against Lou Nova, recent conqueror of Max Baer, in September. Through battered, puffed lips Tony begged for another chance at Louis, but he won't get that. Nova, at the ring side after the battle, said nothing would suit him better than a few shots at Tony, except a chance at the champion.

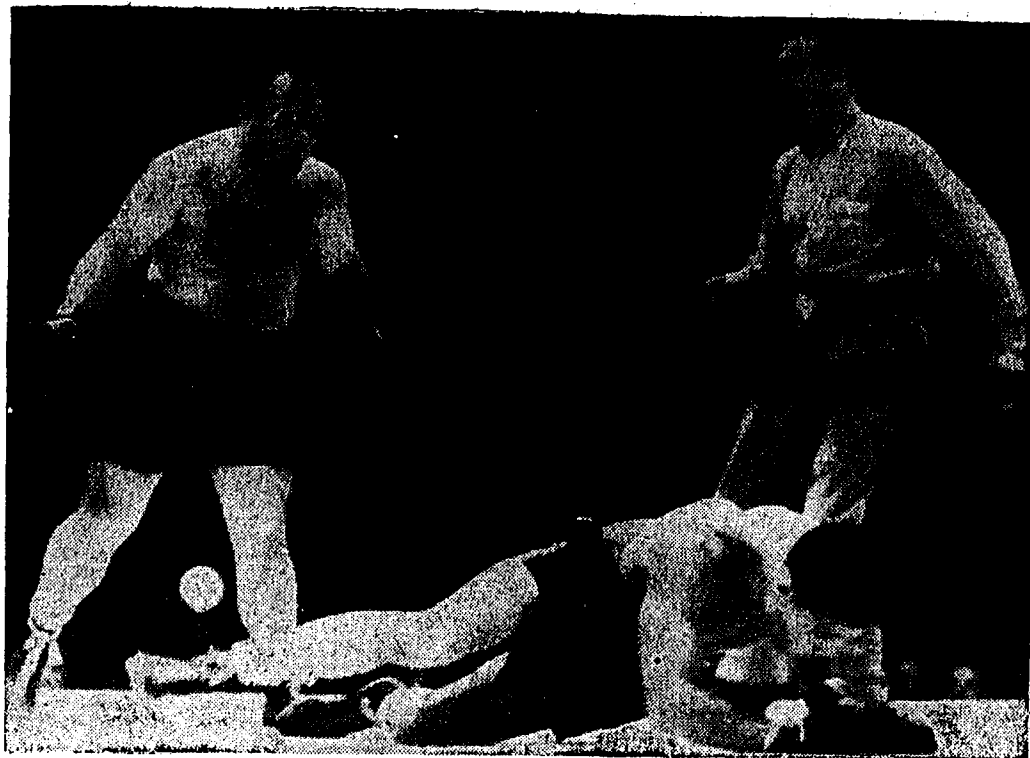

"If I ever staggered Louis the way Tony did he never would get away from me," declared the confident young Californian. "If I had him on the floor like Tony did, I would have kept him there. The fellow can't take a punch."

Fans Got Thrills

At that, those who had posted money at 6 to 1 on Louis must have come near swallowing their gullets both times Galento landed on Joe's whiskers. Each time all that saved the champion from serious difficulties was Tony's inability to follow up fast. Tony simply couldn't shove his 235 pounds forward and strike again before Louis recovered.

Louis treated his stubby rival with a world of respect after he got clipped the first time. He claimed afterward it wasn't caution so much as his inability to

TWO-TON TONY FLOORS THE CHAMPION

Champion Joe Louis lies sprawled on the canvas in the surprising third round of his battle with tough Tony Galento in Yankee Stadium, New York, Wednesday. (Associated Press Photo)

SIXTEEN TEAMS HAVE ENTERED THIRD RICHLAND TOURNAMENT

Strong softball combinations from a number of Central Texas counties will compete in the third annual Richland invitation tournament beginning Monday night at 8:30 o'clock according to an announcement Thursday.

Sixteen teams, including a number from Corsicana and Navarro county, have entered. Two games per night will be staged. The first round will be played Monday, Tuesday, Wednesday and Thursday evenings. The second round will start Friday night, July 7. Richland and Streetman boys will begin a five-game exhibition series

solve Tony's crouching style. But he didn't really open up until a series of terrific left hooks had placed Galento at his mercy.

Galento returned to his corner with a cut upper lip at the end of the first round. They had only been at it a few seconds of the second when Louis whipped over a left to Tony's jaw that spun him to the floor for a two-count. For the remainder of the chapter Joe handed his dazed opponent a bad beating, but couldn't put him down again.

Knockdown Electrifying

Thus was Tony's knockdown of his tormentor in the third round an electrifying thrill for the crowd of nearly 35,000. Louis had been whipping them into the Orange man's gory face again, staggering him with brutal rights, when Tony from in close brought up a quick right, then a left squarely to the champion's jaw. Joe went down like he had been clubbed but quickly braced himself with his hand on the floor and was up again as the timekeeper tolled two. Tony had him going the rest of the round.

Louis started the fourth dancing around and keeping out of Tony's reach watching for the big chance. Suddenly it came. Two left hooks cracked on Galento's jaw like summer lightning and

RAILROADS CLAIM VOLUNTARY RATE SLASHES AT TIMES

AUSTIN, June 29.—(AP)—Testimony that railroads, where necessary, voluntarily slashed freight rates to stimulate industrial development was heard today by railroad commission officials conducting a hearing on the reasonableness of shipping costs in Texas.

W. A. Lynch, Dallas representative of the T. and P. railroad, told of instances where carriers had reduced charges and pointed to specific rates set by his company on salt cake and sodium sulphate.

The testimony was part of a defense by rail lines and truckers against requests to abolish differential territory rates in West Texas, sought by agriculturists of that area.

Lynch, submitting figures on traffic density at various points, argued the carriers, suffering from decreased revenues, could not afford rate decreases.

Commission officials last week heard freight experts, fruit and vegetable growers and representatives of industry, charge the current rate structure was discriminatory, unfair and discouraging to business development.

The hearing probably will be continued this week.

FUNERAL SERVICES FOR W. H. DIXON FRIDAY AFTERNOON

W. H. Dixon, aged 58 years, farmer, died at his home in the Euata community at an early hour Thursday morning. He had been ill for several months.

Funeral services will be held from the chapel of the Corley Funeral Home Friday afternoon at 5 o'clock with interment in Oakwood cemetery.

Surviving are his wife, formerly Miss Vera McKinney of Corsicana; two daughters, Mrs. Charlie Wilson and Mrs. Robert Walker, both of Los Angeles, Calif.; and a sister Mrs. Anna Smith, Chickasha, Oklahoma.

Herbert Is Named Acting President

BATON ROUGE, La., June 27.—(AP)—Louisiana State University's board of supervisors today named Paul M. Hebert, dean of the University's law school, as acting president of Louisiana State University.

He succeeds the fugitive Dr. James Monroe Smith, against whom charges of embezzling \$100,000 university funds have been filed in district court.

Smith has been missing since Sunday night when he tendered his resignation to Richard W. Leche then governor who in turn resigned last night and turned over the executive office to Earl K. Long, brother of the late Huey P. Long.

Only 31 years of age, Hebert will be one of the youngest university presidents in the country.

Hebert was selected in a poll of members of the board of administrators. Dr. E. S. Richardson, president of Louisiana Polytechnic Institute, had been offered the position as acting president of L. S. U., but he turned down the post because he sought the University presidency on a permanent basis.

DOROTHY LAMOUR IS BROUGHT INTO LOVE THEFT DAMAGE SUIT

IDENTIFIED AS COMPANION OF MYRL ALDERMAN BY BARTENDER OF PLACE

LOS ANGELES, June 29.—(AP)—Dorothy Lamour, she of the sarong, was listed today among the women in Myrl Alderman's life. Los Angeles equal interest to spectators at the \$150,000 love theft trial of his former wife, Alma Alderman, against his present mate, Ruth Etting, was the identification at long last of the mysterious "Annabelle," of whom one witness said: "Ah, she is very beautiful."

Miss Lamour, screen actress now in New York on a personal appearance tour, was mentioned by George L. Roberts, bartender at a Hollywood Grotto.

Bernard Cohen, Miss Etting's attorney, for several days has been engaged in compiling a list for the jury of Alderman's feminine companions about the time he and Alma tiffed two years ago.

In this connection, he asked Roberts: "Did you ever see Alderman with Dorothy Lamour?"

"Yes," replied the bartender, "several times."

It was, he went on, in the place where he worked, next door to the broadcast studios where in 1937 Miss Lamour was singing frequently.

"Did you ever see him kiss her?" Cohen queried.

"Yes, sir."

"Did he kiss her on the lips?"

"What did she say?"

"I don't know, but she sure seemed to like it."

Roberts added that there were others whom Alderman brought into the Grotto.

"Did he kiss them?" asked Cohen.

"Sure."

Identification of "Annabelle" mentioned earlier as the girl Alderman had said he would marry when he divorced Alma, came from Martin Seligar, a music copyist. He said Annabel's last name was Valde and she is an actress. He added he met her one night in Alderman's apartment.

Lamour Declares Testimony Untrue

NEW YORK, June 29.—(AP)—Dorothy Lamour, who was described in Los Angeles courtroom testimony as being warmly embraced by Myrl Alderman and kissed by him, too, was indignant about the matter today.

"Nonsense," she said tartly. "It is not only fantastic, but untrue."

Miss Lamour, who is here at the Sherry-Netherlands hotel, said she knew Alderman professionally as he did about a hundred other artists in Hollywood.

"Myrl Alderman was employed by NBC as a standby pianist," she continued, "and he worked with various singers in rehearsal. I was one of them."

"After broadcasts and at other times I would go with the other performers to the Grotto, and I

POSSIBILITY MORE STARTLING FACTS IN PROBE AT LSU

SPECIAL BOARD MEETING CALLED; GRAND JURY ALSO CONTINUES WORK

BATON ROUGE, La., June 29.—(AP)—The State Times said today the arrest "was expected this afternoon" of a key witness summoned before the grand jury probing Louisiana State University affairs.

Additional witnesses also will be summoned for testimony, the newspaper said.

The jury's investigation is expected to continue for weeks but recess will be called over the weekend for the fourth of July holiday.

Possibility more startling facts about Louisiana State University's financial enigmas might be revealed at the University board meeting this afternoon was voiced by authorities here today as the grand jury probed into the muddle continued in routine manner behind closed doors.

Dr. Paul M. Hebert, acting president of the university, said purpose of the board meeting called by Governor Earl K. Long was to disclose to the board information gathered since the group's meeting Monday.

He also will recommend an audit by certified public accountants of the university and will recommend that two signatures be required on all checks expending university funds.

The acting president said the board meeting will be closed to reporters but that a statement would be issued afterward.

The East Baton Rouge grand jury opened its second day of delving into alleged illegal dealings by Dr. James K. Smith, missing ex-president of L. S. U. involving more than a million dollars.

Except for a revelation by J. M. Brown, New Orleans broker and Smith's intermediary in his stock dealings, of how the missing president handled his business with investment firms through him the hearing provided no new development.

Another Slap-Stick Comedian Is Dead

HOLLYWOOD, June 29.—(AP)—Another face was absent today from the ranks of film colony veterans who in their day threw custard pies with reckless abandon to amuse the fans.

Bobby Vernon, 42, diminutive laugh-maker who starred in 200 of those hilarious pictures before the advent of sound, died yesterday of a heart attack.

Started in pictures by the late Roscoe (Fatty) Arbuckle, Vernon starred in films produced by Mack Sennett, Christie and Universal.

guess Mr. Alderman must have been there occasionally.

"At no time did I ever have an appointment with him."

"I just can't understand why I had to be singled out from 75 or 100 people."

Politicians Who Seek Profit Only Blasted by Hoover

NEW YORK, June 29.—(AP)—Corrupt politicians "who place profits of the underworld above protection of the decent citizen" were said today by J. Edgar Hoover to be responsible for a criminal army of almost 5,000,000 persons in this country.

The director of the Federal Bureau of Investigation speaking at a Boy Scout day celebration at the New York World's Fair, told the youths it was their job to "clean up America."

"Even though you are 1,281,000 strong, the criminal hosts outnumber you almost four to one," he said.

Criminals "plunder our country," he continued, "because they are protected by a skulking behind-the-lines crew of despoilers and modern-day pirates, the venal and corrupt politicians."

"They are the real public enemies."

MRS. PERKINS FACES CHARGES OF BIGAMY IN DROWNING CASE

LUFKIN, June 29.—(AP)—Mrs. Betty Linderman Perkins today faced charges of a bigamous marriage to W. Hayden Perkins, 33-year-old poultry farmer charged with murder on the state's accusation he drowned his stepson, Phillip Linderman, for \$840 insurance money.

District Attorney R. C. Musslewhite said the woman admitted in a signed statement she had not been divorced from her first husband before coming here from Michigan to wed Perkins, as climax to brief matrimonial agency correspondence.

State chemists at Austin continued their examination of the viscera of William Laverne Linderman, a second stepson and brother of Phillip, who died recently. His body was exhumed Tuesday.

## HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY  
By VERONICA DENGEL.

## FROM THE MAIL BAG

M. F. writes: I am a girl of 16, and I somewhat neglected my legs this winter. That is, I didn't give them proper exercise. As a result, the calf, ankle, and thigh have increased in size. My favorite sports in summer are swimming and tennis. You see, it will be impossible for me to wear one of those "snug-fitting" bathing suits or shorts because my legs are too fat. Will you please give me an exercise to take away this fat so that I will look nice when I swim and play tennis?

Well, M. F., after all my caution about preparing here you are into summer without having taken care of your figure problems. Of course, tennis and swimming will help to bring down the excess flesh; and until this is done, I'm afraid you will just have to wear clothes that will conceal the faults as much as possible. For swimming you might wear one of the new "dress-maker suits" with the flaring skirt and this will hide the heavy thighs. And when you come out of the water have your long beach coat to put on.

For tennis, wear a divided skirt

—these are called "culottes," which should reach your knees. Choose dark anklets to wear with your tennis shoes which will make your ankles look smaller.

An additional help toward reducing your legs and thighs, would be to massage them, pinching and twisting the flesh—not too hard. Pinching the thighs with closed fists is also excellent. At 16 you have not attained your full growth, and it is quite possible your legs will stretch out a bit and become more slender. But don't depend entirely on this thought. Keep after them constantly, and watch your diet so that it does not include too many candies, cakes, candies, and tonics! Good luck to you.

To P. L., who asks about a remedy for red and thickened skin on the back of her heels, I would suggest that she refer to a recent article which appeared about this and follow the instructions about rubbing these spots with pumice stone. And too, P. L., your shoes are causing the trouble, so check on them as to fit, and have the offenders corrected; otherwise the condition will continue.

## TWO NEW TROOPS OF BOY SCOUTS ARE BEING ORGANIZED

The First Presbyterian church has made application for a troop of Boy Scouts to be located at the church. The troop committee is composed of Dr. H. A. Juergensen, chairman, and Messrs. S. H. Burnett, R. D. Waters, R. P. Neel and Rev. W. R. Hall, advisor. W. D. Ralston is scoutmaster with Allen Edens as assistant.

Charter members of the troop are Henry Neiper, Joe Bennett, Kenneth Roxburgh, Bruce Sullivan, Walter Collins, Lewis A. Dugger, John Taylor and Paul Turner. As other boys complete the Tenderfoot requirements they will be added to the roster.

As soon as the troop charter is received a public installation will be held and the troop installed. The members of this unit will be Troop 244, Rev. Gordon A. McInnes, chairman of organization and extension, Navarro County District, Circle Ten Council, Boy Scouts of America, said.

**New First Baptist Troop**

Application for the chartering of a new troop at the First Baptist church was forwarded to the Boy Scouts of America today by the Circle Ten Council, Rev. E. T. Miller, pastor of the church, announced the following troop committee: Wm. E. Archer, chairman, and Messrs. R. A. Purifoy, Hugh Cummings, T. E. Stone, Dr. C. S. Stroud, and himself as advisor.

Charter members of the troop are Harold Trone, Willie Schlundger, Jr., Billie Joe Plucker, Bobby Butler, Bill Brieze, Noble Patterson, Ernest Enoch Cherry, Jimmie Dee Baggett and Russell Purifoy, Jr.

Chairman of organization and extension, Rev. Gordon A. McInnes said the new troop would be installed as soon as the charter was received. The number of this unit is 245.

## Shrine Rededicates Order to Principles Americanism Today

BALTIMORE, June 29.—(AP)—Shrine ended its 1939 convention today with a re-dedication of the Masonic order to the principles of Americanism.

Hilarity and horseplay were history as the 25,000 fezzed nobles rehearsed for the pageant to close the convention tonight.

Election of William Helm, potentate of Lu Lu Temple, Philadelphia, as imperial order guard, succeeded to the imperial potentate's post twelve years hence—climaxed the business session.

Walter D. Cline, of Maskat Temple, Wichita Falls, Tex., elected imperial potentate for 1940, said the 80,000 miles he expects to travel as potentate should reduce his 220 pounds.

## JAPANESE

(Continued From Page One)

reported a British destroyer was trapped inside the Min River estuary at Fochow but British naval officers here said that was extremely unlikely.

Most of the resident foreigners declined to leave Fochow. Twenty-seven foreigners, including six Americans, were said to be remaining in Fochow and 18 missionaries, including Americans, were reported to have left Fochow for Hongkong aboard the British steamer *Wenchow*.

The Chinese were said to have a considerable military force in or near Fochow. Nearby villages were bombed from the air. Nine Japanese transports were reported in the vicinity.

Chinese ports occupied or blockaded by the Japanese include Chefoo, Tsingtao, Shanghai, Ningpo, Fochow, Fochow, Amoy, Canton and Swatow. The British Crown colony of Hongkong and the Portuguese colony of Macao remain open but have been reduced to trans-shipment centers. Foreign ships still are allowed to enter Tientsin, North China, but have been subjected to searches and delays.

## PLANS BEING WORKED OUT TO GIVE COTTON GOODS TO RELIEFERS

WASHINGTON, June 27.—(AP)—The agriculture department is working out plans to give cotton goods to relief workers.

Such gifts would be made through the blue stamp experiment, already in operation in Rochester, N. Y., and Dayton, Ohio. The blue stamps are given to needy relief families who buy orange stamps.

The latter may be exchanged at groceries for any food. Blue stamps may be swapped only for those foods which are listed as surplus. The government redeems the stamps from the grocers for cash.

The fact that the biggest surplus in history is piled upon the cotton market has set federal experts to work on all sorts of schemes for reducing it. Domestic stocks stand near 15 million bales, more than a million and a half larger than at this time last year.

Three principal methods are being considered at the agriculture department. Two are aimed at stepping up domestic consumption by getting cotton goods into the hands of those who need them and by promoting new uses. The third, and chief method, is by subsidizing cotton exports.

Upward of a score of new uses for cotton have been worked out through department experiments. They range from use in the side walls of houses to lining ditches and canals and road building.

## MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

### SHIRTWAISTER HAS NOVEL IDEAS

PATTERN 4180  
by Anne Adams

Dashing all-around-the-town this summer will be more fun with this spirited youthful Anne Adams shirtwaister, Pattern 4180. Just imagine it in plaid gingham, a checked cotton or linen, coolly topped off by, say, a snow-white collar. See the new shape of the collar with its "winged" flaps and matching bow tie, in gay feminine imitation of your best beau's neckwear. The beltless princess-effect lines give you figure like a grace; the skirt flares like a dream, and the gathered sleeves all down the bodice front. Be sure to follow the clear sewing instructions accompanying this easy pattern.

Pattern 4180 is available in misses' and women's sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38 and 40. Size 16 takes 3 1/2 yards 38 inch fabric and 1/4 yard contrast.

Send fifteen cents (15c) in coins for this Anne Adams pattern. Write plainly size, name, address and style number.

Sun-filled, fun-filled summer days—time to look your prettiest! Time to write for our new Anne Adams summer dress book and copy your hot-weather wardrobe. Choose from a dress parade of engaging, "make-them-yourself" frocks. Surf-and-sand wear—classy sport-styled—lively dance styles—travel togs. Smart accessories, lingerie, at-home clothes. Every age included from the forties through the twenties, teens, juniors and toddlers. Order your copy now! Book fifteen cents, pattern fifteen cents. Book and pattern together, twenty-five cents.

Send your order to the Daily Sun Pattern Department, 243 W. 17th St., New York, N. Y.

## CONGRESS

(Continued From Page One)

resolutions, compile the automatically unopposed bills.

Meanwhile, as the house neared end of its neutrality debate, the administration found some encouragement in the senate's unanimous passage of the relief bill. This measure also was ready for a joint committee to try to put it in final shape before WPA funds expire July 1.

The senate boosted the house-approved relief funds \$73,300,000 to a new top of \$1,508,300,000, eliminating many provisions opposed by the administration and writing in some restrictive clauses of its own.

**Resolution Passed.**

As a precaution against failure to complete enactment of the relief program by tomorrow night, house leaders prepared a resolution to continue WPA expenditures at the present rate for 30 days, but they thought this would not have to be used.

The Roosevelt forces jumped another "deadline" hurdle with final congressional approval yesterday of a 1939-40 appropriation of \$1,194,498,533 for the agriculture department.

Held up for months in an argument over unbudgeted millions for farm benefits, this measure contained a record-breaking total for crop control, parity, and surplus disposal payments.

What will happen if monetary legislation is not passed before tomorrow night was a question which no one was prepared to answer definitely.

Some senators thought the President could fall back on authority in the gold reserve act, unaffected by the pending bill, to raise the price of gold if necessary to meet any foreign currency depreciation.

WASHINGTON, June 29.—(AP)—The house insular committee today postponed for another week action on legislation to establish duty free trade quotas for the Philippines until they attain independence in 1946.

WASHINGTON, June 29.—(AP)—After thrashing out the neutrality issue in two days of spirited debate the house rapidly approached a vote today on repeal of the arms embargo against warring nations.

The first test of strength apparently was to come in mid-afternoon on a proposal by Rep. Tinkham (R-Mass.) to retain the embargo contrary to the administration's wishes.

The administration bill, proposing several changes in the neutrality law, would grant the President and the state department greater discretion in dealing with touchy international situations.

As the law stands, the ban on shipments of arms and munitions to warring nations becomes effective whenever the neutrality act is invoked.

Rep. Barton (R-N.Y.) proposed yesterday what he called a "compromise" between the present law's embargo and the administration bill's outright repeal. Barton would substitute "lethal weapons" for "arms and munitions" which he said was a broader term.

## Couple Honored By Members Rice Church There Tuesday Night

RICE, June 29.—(Spl.)—The members of the Methodist church entertained Tuesday night at the church with a program and social hour honoring Mr. and Mrs. R. L. Waller, who were in town this week to Dawson where Mr. Waller will be superintendent of the schools.

The church was beautifully decorated with garden flowers. On arrival the guests were served punch and cookies and asked to register.

The following program was given:

Words of Welcome—Mrs. T. H. Wear.

Short Talk—Miss Scottie Swafford.

Piano Solo—Miss Betty Jo Pritchett.

The P. T. A. Work—Mrs. A. D. Ellis.

Piano Solo—Miss Ruth Gregory.

The Young People's Work—Miss Elsie Durbin.

Music—Miss Scottie Swafford.

The Missionary Society—Mrs. J. N. Hawkins.

Vocal Solo—Miss Norlaine Bartlett.

Talk—A. C. Hervey.

Each part on the program paid a wonderful tribute to Mr. and Mrs. Waller, who have worked in the church, Sunday School, Epworth League, in fact all phases of the church as well as the school, P. T. A. and everything for the up-building of the town and community.

At the conclusion of the program, Rev. R. E. Briggs presented the honorees with a lovely silver water pitcher and gold lined goblet.

After singing "Bless Be the Tie," Rev. Briggs pronounced the benediction and the hundred guests enjoyed a social hour.

ing several changes in the neutrality law, would grant the President and the state department greater discretion in dealing with touchy international situations.

As the law stands, the ban on shipments of arms and munitions to warring nations becomes effective whenever the neutrality act is invoked.

Rep. Barton (R-N.Y.) proposed yesterday what he called a "compromise" between the present law's embargo and the administration bill's outright repeal. Barton would substitute "lethal weapons" for "arms and munitions" which he said was a broader term.

## Personal Mention Of Kerens People

KERENS, June 29.—(Spl.)—Rev. and Mrs. R. A. Crosby have as their guests this week, Mrs. Uel D. Crosby of Tulsa, and she will be joined by Rev. U. D. Crosby at the conclusion of the pastors' school at Southern Methodist University, which he is attending.

Mr. and Mrs. Roy Spivey of Dallas are spending a few days with their mother, Mrs. Nora Spivey, who had her tonsils removed the first of the week.

Keith Jennings, son of Mr. and Mrs. Fred Jennings is the guest of Mr. and Mrs. W. G. McElroy of Waco, on a trip through Alabama and other Southern States.

Carmen Simms of El Paso spent Sunday in Kerens and was accompanied home by Mrs. Simms who had spent two weeks with her parents, Mr. and Mrs. J. C. Walker.

King Seale, Mr. and Mrs. Clifton Seale and daughter Joan, spent Sunday in Hillsboro.

Mr. and Mrs. James Walker and children have returned to their home in Houston, after a visit with the J. C. Walker family.

Mrs. Brook Smith is the guest of her mother Mrs. J. B. West and sister, Doris West, in Houston this week.

Mrs. W. T. Stockton was the guest of her niece and nephew, Mr. and Mrs. Ted Greenlee, in Kilgore Tuesday and Wednesday.

Mr. and Mrs. Edger Whorton.

Friends of Mrs. B. O. Hemphill are glad to see her about the streets in her car, after an illness of several weeks.

Among the Kerens people who attended the Indian pow wow near Livingston last week were: Sam Rowe, who was reared in that community; Wayman Price, and Mr. and Mrs. Jess Griffith, the latter being guests of their daughter and husband, Mr. and Mrs. Kirk Collins.

Miss Lella Clyde Owen is the guest of Dr. and Mrs. J. S. Turner in Canton, this week.

G. M. Chapman was a business visitor in Dallas Tuesday.

Mr. and Mrs. Read has as their guests Sunday, Mr. and Mrs. J. T. Wigley and son Albert of Waco, and Mrs. L. O. Kilton and son of Eustace.

Roy Watkins and son of San Angelo visited Mrs. Mae Estes this week.

Miss Louella Norris entertained as her house guest over the week end, Bill Reno of Houston.

Slack and Convalescent.

Mrs. M. L. Steele of Chatfield and baby were able to be taken home from the P. and S. Hospital Wednesday afternoon.

Mrs. H. S. Bell of Rice and baby were taken home Thursday morning from the P. and S. Hospital.

L. D. Steele is a patient in the P. and S. Hospital.

The condition of Hudson Spencer was reported to be considerably improved today at the P. and S. Hospital.

## Lubbock Girl Honor Guest at Dinner In Rice on Tuesday

RICE, June 29.—(Spl.)—Mrs. D. F. Bell entertained at her home Tuesday evening with a six o'clock dinner honoring her niece, Miss Jean McLaurin of Lubbock on her fourteenth birthday. Places were marked for eight guests, they were Misses Betty Jo Pritchett, Van Nita Fitzgerald, Louise Murphy, Ruth Gregory, Earline Briggs, Jeannette Christian, Fannie Lee Walker, and the honoree. After attending the social at the church in honor of Mr. and Mrs. Walker, the girls were entertained with a slumber party, by Miss Betty Jo Pritchett at her home.

## Watson Attending School Conference At Texas A. & M.

J. C. Watson, Navarro county school superintendent has attended sessions of the sixteenth annual conference of county superintendents and county supervisors this week at Texas A. & M. college. He attended Monday and Tuesday and plans to return on Thursday.

The theme of the conference is the improving the quality of the rural school program.

## Corsicana Girls Rank High Among TSCW Students

DENTON, June 29.—(Spl.)—Ranking scholastically with the upper eight per cent of a student body of 2800, five Corsicana girls won places on the Honor Roll at Texas State College for Women for their work during the second term of the past school session. The requirements have recently been raised to an A-2 average, according to Dean E. V. White.

Misses Virginia Knight, Undine Harris and Mary Lou Smith are sophomores; Miss Grace Williams a junior, and Miss Dorothy Jean Anderson a freshman. Miss Knight was one of the 18 students in the entire college who made a record of A in every subject. Each of the students received a letter of congratulation from Dean White this week, and Miss Knight will be recognized on Honors Day next fall.

## Make Hay While The Sun Shines

We are enjoying the largest Hay Machinery Business we have ever had, and are glad to report that we have been able so far to supply the demands.

We now have on hand two horse drawn Used Presses and two Power Presses, in good working condition, and will be glad to show them to you when you call.

We have a large supply of new press blocks to fit both the power and horse drawn presses.

This week we are setting up our Enslage Harvester, and will be ready next week to operate it.

We have over three hundred acres engaged to harvest. To some one who might be interested in buying this machine we will give this business.

Just received our third shipment of Mowers and Rakes. If you need one, either used or new, we can supply your demands.

Hot weather tells quickly what a refrigerator will do, and our Gas Electroluxes are operating without a single service call. Buy a refrigerator without a moving part and needs no service.

**Buie Implement Company**
